# Introduction

---

## **General Plan Requirements**

California has required local jurisdictions to develop plans to guide growth and development since 1937.

Pursuant to Government Code Section 65300, state law requires that a city prepare, and its legislative body adopt, a comprehensive long-term general plan for the physical development of the city and of any land outside of its boundaries which, in the judgment of the planning agency, bears relation to its planning.

Pursuant to Government Code Section 65302, the general plan must include the following seven elements:

- **Land Use Element (Chapter 1)**
- **Housing Element (Chapter 2)**
- **Circulation Element (Chapter 3)** [Note: the mandatory requirements of this element are contained in two separate elements in the City of Angels General Plan: **Circulation** and **Public Facilities and Services**]
- **Conservation Element (Chapter 4)**. This element is combined into the **Conservation & Open Space Element** in the City of Angels General Plan.
- **Open Space Element (Chapter 4)**. This element is combined into the **Conservation & Open Space Element** in the City of Angels General Plan.
- **Noise Element (Chapter 5)**
- **Public Safety Element (Chapter 6)**

In addition to these mandatory elements, the City of Angels General Plan includes:

- **Public Facilities & Services Element (Chapter 7)** [Note: this element addresses some components of the mandatory Circulation Element]
- **Cultural Resources Element (Chapter 8)**
- **Air Quality Element (Chapter 9)**
- **Economic Development Element (Chapter 10)**
- **Community Identity Element (Chapter 11)**
- **Parks and Recreation Element (Chapter 12)**

## **City of Angels Vision Statement**

The City of Angels Vision Statement, adopted by the Angels City Council in 1998, is:

- To beautify and promote uniformity in the City by encouraging cleanliness, rehabilitation, maintenance and enhancement of public and private property
- To create family sustaining jobs and healthy well-balanced community
- To promote the cultural interest of the City through the preservation of our historical heritage
- To provide public services and facilities that are compatible with the needs and philosophy of the community.

## **Planning Process**

In the preparation of the *Angels Camp 2020 General Plan*, the following public meetings included, but were not limited to:

### General Plan Committee:
