PUBLIC COMMENT

Glen Johnson explained he had been cited by the Police in the past for blocking the alleyway next to his home. He said it was agreed at a City Council meeting in 2009 that the alleyway could be blocked temporarily for loading and unloading of groceries, firewood, etc. He has since been cited again for blocking the alleyway with his vehicle. He appealed the citation to the CHP and explained what City Council had agreed to back in 2009 regarding loading and unloading. CHP told Mr. Johnson to produce the video from the 2009 Council meeting and provide them with the wording on the agreement for loading and unloading. Mr. Johnson said he requested to view the video and was denied. He asked the Council to look into this issue so he can provide information to the CHP. Mr. Johnson's stepson spoke in support of his step father and stated that he received a ticket for a truck parking in the back alley and that he believes the Police Department picks and chooses who they will give tickets to.

The City Administrator said he would review the video and provide a staff report on this issue at the November 17th Council meeting.
