

Closing Your Account

Selling Your Home

If you are planning to sell your home, please contact the Customer Service Department at (209) 736-2181 or coa@angelscamp.gov and provide the expected close of escrow date along with a new mailing address, so the City of Angels can send you a final bill. District staff monitors the Clerk Recorder's Office activities, and will send field staff out to your meter shortly after the property has officially been recorded in the new owner's name.

Turning off Your Service

The City of Angels does not allow customers to turn off or suspend service unless the property has become uninhabitable due to catastrophic damage.
